

ARIZONA ROADMAP TO VETERAN EMPLOYMENT

TRAINING & TECHNICAL ASSISTANCE MENU

JOB SEEKERS

EMPLOYMENT SERVICE PROVIDERS

EMPLOYERS

COMMUNITY MEMBERS

There are many options available for training, technical assistance and support. Below are some starting points. Visit the website below for direct links to more information on each of the options. Please contact the Roadmap team if you have questions or are interested in something not listed.

Options for Job Seekers:

Job search workshops and services

Services and support are available in every county statewide through the workforce system and the Arizona Department of Economic Security. Support is also available through the military, U.S. Department of Veteran Affairs and private sector organizations.

Civilian Reintegration Training - 2 hours

This training complements the military Transition Assistance Program and is available to transitioning service members before, during and after separation. Currently being piloted at Luke Air Force Base with the potential for expansion to other locations.

Options for Employment Service Providers:

Military/Veteran Employment Service Provider Training - 2 hours

Designed for both direct service and admin staff, this training focuses on the unique aspects of military/veteran culture and how to most effectively serve military-affiliated job seekers.

Military/Veteran Resource Navigator Training - half day

Employment Service Providers are in a prime position to connect service members, veterans and their families to resources, not only for employment but also for a range of issues and needs that may affect a person's ability to gain or maintain a job.

Options for Employers:

Arizona Veteran Supportive Employer Training - 2 hours

This training is designed for managers, supervisors, human resource personnel, leadership and recruiters with a focus on fulfilling the requirements to become an Arizona Veteran Supportive Employer.

Military/Veteran Resource Navigator Training - half day

By strategically embedding Resource Navigators within their organization, employers can create an internal resource for extending support to connect service members, veterans and their families to resources to address a range of needs.

Options for Community Members:

Military/Veteran Resource Navigator Training - half day

Learn the basic steps to be the right door and the right person for a service member, veteran or family member and to connect them to the right resource at the right time, including the array of resources available to find employment and training opportunities.

Mental Health First Aid - full day

A one-day course that equips community members with the knowledge and skills to assist a person experiencing a mental health crisis. Military/veteran focused classes are sometimes available from the Arizona Coalition for Military Families and our partners.
